

PRESIDENT: One minute.

SENATOR CULLAN: I would probably do a number of things other than approach an interim study, giving subpoena power to someone other than myself. If I want to get even with people, Senator Johnson, I can do it much more effectively than an interim study resolution and a motion to bracket a bill. And incidentally, Senator Johnson, there is no one to get even with any more because the individual you said I want to get even with isn't there anymore. He has been fired. So there is a question of public policy here. There is a question of duplication of services. There is a question of need for a bill. That is the issue before you and since we are going to proceed with an interim study at any rate, why rush into LB 490? And let me say this, if LB 490 passes now or if it does not pass today, the delivery of services by the Community Action Agencies will not change one iota in the year to come. If it does pass, however, we may see etched into stone the functions of the Community Action Agencies, we may see etched into stone the duplicate of administrative services, duplicate of planning services that I believe are contained in LB 490 and we will certainly see a significant reduction and flexibility of the block grant program in the State of Nebraska. I urge you support my motion to lay this bill over.

PRESIDENT: I assume that this has been discussed. I just want to make it clear that Senator Cullan has changed his motion from a motion to bracket to a day certain to a motion to pass over which takes only a majority of those voting. Is there anyone else to speak on the measure? If not, the question is the adoption of the Cullan motion to lay over. All those in favor vote aye, opposed vote no. We are voting on the Cullan motion to lay over LB 490. Have you all voted? Have you all voted? I understand there are two excused today, one excused today, thank you. Have you all voted on the Cullan motion to lay over LB 490? A Call of the House has been requested. All those in favor...the Clerk will clear the board and all those in favor of Calling the House, under Call, please register aye or nay. The Clerk will record.

CLERK: 15 ayes, 1 nay to go under Call, Mr. President.

PRESIDENT: We are under Call as a result of that affirmative vote. The House is under Call on a motion by Senator Cullan to lay over LB 490. All members in the Chamber, please record your presence on the green lights in the front of the Chamber. Members sitting in your seats,
